

For over 30 years, the **Greensboro Velo Club** has been one of North Carolina's most active all round bike clubs, centered on racing, touring, recreational on & off road riding of all sorts.

In 1999, these two groups merged for mutual support and organizational efficiencies!

The **Greensboro Fat Tire Society** was created in 1997 to celebrate and enhance the off road bicycling experience, focusing on trail work, access and social activities.

2009 Membership
